1           **WHEREAS**, pursuant to Section 3-101 of the Local Article of the Annotated Code of Maryland,  
2 the legislative body of the County has the authority to approve or amend the Comprehensive Plan; and

3           **WHEREAS**, pursuant to Section 3-102, a Comprehensive Plan must include the following  
4 elements; a community facilities element; an area of critical State concern element; a goals and  
5 objectives element; a housing element; a land use element; a development regulations element; a  
6 sensitive areas element; a transportation element; and a water resources element; and

7           **WHEREAS**, the development regulations element shall include the Planning Commission's  
8 recommendation for land development regulations to implement the plan; which encourage the use of  
9 flexible development regulations to promote innovative and cost-saving site design and protect the  
10 environment; economic development through the use of innovative techniques and streamlined review  
11 of applications for development, including permit review and subdivision plat review within the areas  
12 designated for growth in the plan; and

13           **WHEREAS**, pursuant to Section 3-111, the land use element shall propose the most appropriate  
14 and desirable patterns for the general location, character, extent, and interrelationship of the uses of  
15 public and private land for uses for agricultural; commercial; forestry, industrial; recreational;  
16 and residential; and

17           **WHEREAS**, pursuant to Section 3-202, the Planning Commission shall make and approve an  
18 amendment to the plan; and recommend the amendment to the legislative body for adoption; and

19           **WHEREAS**, pursuant to Section 3-107, the mineral resources element shall identify  
20 undeveloped land that should be kept in its undeveloped state until the land can be used to assist in  
21 providing a continuous supply of minerals, and appropriate post-excavation uses for the land that are  
22 consistent with the county's land planning process; and

23           **WHEREAS**, a mineral resources element shall incorporate land use policies and  
24 recommendations for regulations to balance mineral resource extraction with other land uses; and to  
25 prevent the preemption of mineral resources extraction by other uses; and

26           **WHEREAS**, the Department of the Environment shall review the mineral resources element to  
27 determine whether the proposed plan is consistent with the programs and goals of the Department  
28 before the plan is adopted; and

Amendment - Comprehensive Plan – Mineral Extraction District
