The addition of \$33,000 in grant revenue and expense within the Special Revenue Other Grant's fund from the Upper Shore Regional Council will fund an Agricultural Microgrant Program in Cecil County. The Upper Shore Agriculture Microgrant Program is a collaborative effort between the three upper shore counties; Cecil, Kent, Queen Anne's. This Program will encourage the collaboration of farmers and agricultural enterprises in the upper shore region to work together to promote the buy local movement, improve access to food, help alleviate food insecurity, and fund projects that feed, fuel and cloth our regional community. The focus of the program is to improve our regional food system by creating a cohesive relationship between the economic development office and farmers within the upper shore region. The micro grant program will enhance access to fresh food in our rural communities while opening doors to resources sharing and partnerships throughout the upper shore, ultimately helping to create a vibrant and economically sustainable rural community.
